

# PORK PARTNERSHIP POWER OPPORTUNITIES

## Partnering to Fight Hunger in Illinois

Thanks to donations from pig farmers and support of industry allies, Pork Power has provided more than 1 MILLION pounds of pork, amounting to more than 4 MILLION servings, to hungry Illinois residents since the program began in 2008. Food banks across Illinois work with our association to accept donations and distribute to families throughout the state.

Eastern • Central • Tri State • Northern • River Bend • Peoria • Midwest • Greater Chicago • St. Louis

Do you want to help provide pork to our neighbors throughout Illinois? Here's how you can partner with Illinois Pork Producers Association:

### MONETARY DONATION

Help us reach our annual goal of donating 100,000 lbs. of ground pork by offering a monetary donation.

### MATCH OUR DONATION

We appreciate sponsorships that fit our mission and strategic statement so help us increase our pork donation by matching what we give.

### T-SHIRT ORDER

The profits that IPPA makes from t-shirts all goes back in to support the Pork Power program.

### SUPPORT A HOG DONATION

Farmers can donate a hog and we pay the discounted fee to the local processor. Limited funds are available, so you're allowing more farmers to participate in our program.

*This program would not be possible without the support of our partners!*
