MANAGERS TRAINING**

2020 Season
Workshop Information

Workshop Information

On-site workshop sign-in and late registration starts at 8:30. The CLM training will begin promptly at 9:00 am. Please allow 3.5 hours for the workshop, and additional time to complete the IDOA exam if needed.

The registration cost is \$35. If more than one employee from the same farm signs up, each registration after the first will cost \$25. *Coffee and snacks are provided.*

CLM Training Manual

The current training manual used for Certified Livestock Manager Training is the Livestock and Poultry Environmental Stewardship Curriculum. This curriculum is available for free online at go.illinois.edu/manual. If you would prefer to purchase a hardcopy or an electronic CD contact College of ACES, Marketing & Distribution at 1-800-345-6087. If you have a manual or CD, 2003 or newer, you will not need to purchase a new one. The IDOA CLM Exam questions are taken directly from this manual. Some of this curriculum will be covered during the workshops. However, it is impossible to cover all of the exam material in one workshop, so acquiring and reviewing the manual in advance is highly recommended.

CLM Workshop coming soon to a town near you!

What is Required?

The Illinois Livestock Management Facilities Act of 1997 requires livestock producers to receive training through the U of I Extension CLM Training Program. This program provides livestock producers with the best management practices for managing and handling their manure. Livestock producers with more than 300 animal units must be a certified livestock manager (CLM).

To become a CLM, producers with 300-999 animal units can attend one U of I Extension CLM Training Workshop or pass the new online CLM Training Program or the Illinois Department of Agriculture (IDOA) administered CLM exam. Producers with over 1,000 animal units are required to complete **both** the workshop and the IDOA Exam. The IDOA Exam is offered immediately following each of the CLM Workshops.

Upon successful completion of these requirements, producers are **certified for three years**.

University of Illinois Extension provides educational programs and research-based information to help Illinois residents improve their quality of life, develop skills and solve problems. University of Illinois Extension provides equal opportunities in programs and employment. If you need a reasonable accommodation to participate this program, please call Nesli Akdeniz at 217 300 2644.

Pre-registration is highly recommended.

To register for a workshop (open in Nov 2019), please visit go.illinois.edu/CLMT

For questions with registration, please contact U of I Extension at 815 858 2273.

Can't make a Workshop?

We also offer an online CLM Training Program that can be taken in place of attending a workshop. All online quizzes must be passed satisfactorily to meet the certification requirements, and once completed a certificate is emailed to you. Quizzes in the online training are based on material from the CLM Training Manual.

To sign up for the CLM Online Training Program please go to: go.illinois.edu/CLMT

Note: These quizzes **DO NOT** take the place of the Illinois Department of Agriculture Exam for Producers with 1,000 or more animal units. They **can** be used in lieu of the workshop
